Pupil Premium: Ingredients

At some point during your child's time at Churchill Academy they will attend Food & Nutrition lessons. We understand organising ingredients can be difficult. If you are concerned about providing ingredients for these lessons please read this leaflet for details of the support available.

Support available

We will email home at the start of year 7 to ask if you would like us to provide ingredients. Those that accept will have ingredients provided until they take their options in year 10.

If your child chooses Food & Nutrition as an option in years 10 & 11 the ingredients are more costly. You can choose to use your educational & enrichment funding and ParentPay to cover these costs.

For more details of our educational and enrichment vouchers please see our [guidance leaflet](#)

Timings

The Academy organises a weekly delivery.

Ingredients Provided

Every effort is made to provide the students with the ingredients they need for their lesson. Sometimes we have issues with the goods delivered and an alternative ingredient will be substituted for the requested ingredients.

Additional Equipment Needed

Your child will still need to bring the appropriate boxes and bags to take home the food they have made. It is your child's responsibility to remember to take home what they have cooked on the day it has been made.

Things to consider

- * When students are given a choice of recipe we ask premium ingredients not be chosen when everyday ingredients would work equally well.
- * Where possible please avoid picking a recipe with small amounts of different ingredients that will not be used by other students as this can be very costly. If your child is uncertain about a recipe they can seek advice from their Food & Nutrition teacher.

* Request

We kindly ask parents to only access this provision if it is really needed. Providing ingredients is a costly and time consuming task and may not be the most effective use of the funding available.

Frequently Asked Questions

What if I want to join part way through the year?

Please email Leasa Knapp to request this

Years 10 and 11 can join part way through the year and will be charged a proportion of the cost.

If, for example, my child is in year 10 and ingredients cost £144 for the year, how do I pay the extra cost?

You can use your child's educational and enrichment funding to pay the first £100, the extra £44 will be put on ParentPay.

What if my child misses a lesson, do I get a refund?

We cannot give refunds on practical lessons that have been missed for any reason. If your child is back at school the next day they could take the named bag of ingredients home to cook.

Please remember if you do not request this support, ingredients will need to be provided from home.
