**SIXTH
FORM**

**KINDNESS
CURIOSITY
DETERMINATION**

“

My time at Churchill has been an unforgettable journey that has not only deepened my passion for music but also transformed the way I approach performing. Through countless rehearsals, performances, and collaborations, I've gained a level of confidence on stage that I never thought possible. Churchill has given me the space to grow both technically and creatively, allowing me to refine my musical abilities while also developing resilience, discipline, and a strong sense of self-expression.

Ned, Year 13

WELCOME TO CHURCHILL SIXTH FORM

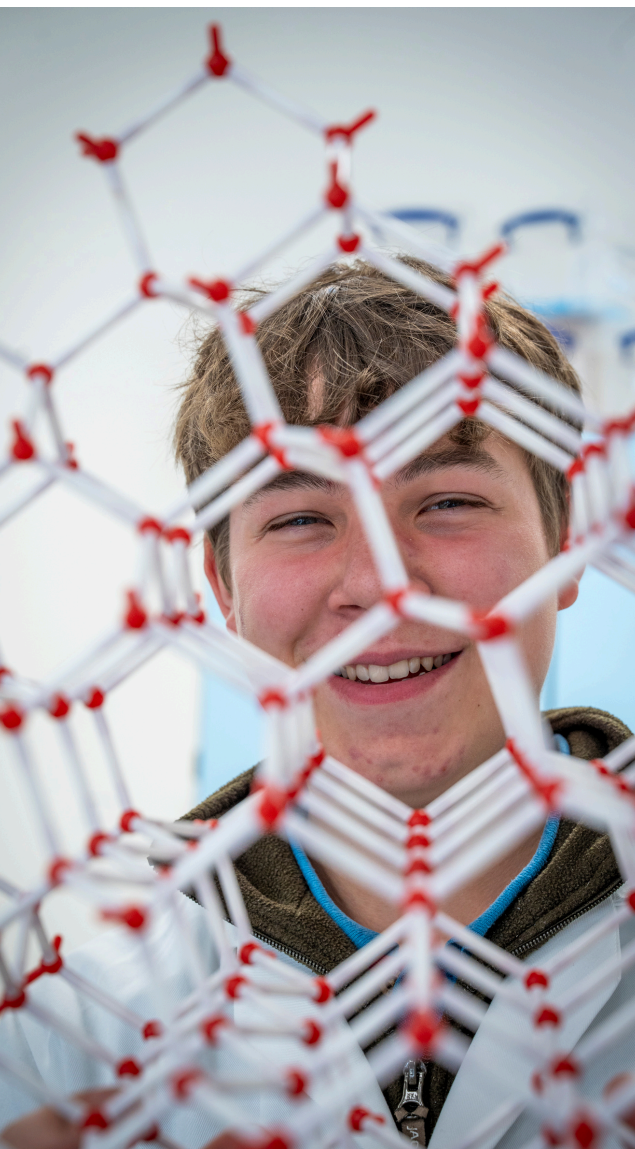

Your Sixth Form journey is a time of exciting discovery. Beyond Year 11, you'll find the freedom to choose subjects that inspire you, explore new areas of study and shape the pathway to your future. At Churchill, we believe there are no limits to what you can achieve. Although we take great pride in our academic achievements, we recognise that life is about more than just lessons. From enrichment activities and trips to leadership roles and new friendships, you'll gain the confidence and independence to thrive in whatever direction you choose. Our curriculum offers both breadth and depth, complemented by enrichment and leadership opportunities that extend beyond the classroom.

Thomas Heysham
Head of Sixth Form

We are proud of our tradition of excellence and the many pathways our students follow into higher education, apprenticeships and rewarding careers. This prospectus gives a flavour of what's on offer, but the true spirit of Churchill Sixth Form can only be experienced by joining our community - where ambition, curiosity and possibility come together.

SET NO LIMITS ON WHAT YOU CAN ACHIEVE

Our Sixth Form is built on a foundation of kindness, where every student's opinions, values and beliefs are respected. We nurture curiosity through a vast array of learning opportunities, both inside and outside the classroom, and celebrate the determination of our students to reach their full potential. In return, we are committed to supporting students every step of the way, ensuring that when they leave Churchill Sixth Form, they are fully prepared to succeed in whichever path they choose. Most importantly, we know it's our students who make our Sixth Form truly special. We are thrilled to welcome new and familiar students into our community and look forward to seeing what our shared journey has in store!

A STUDY PROGRAMME CREATED YOUR WAY

We are proud to offer over 30 courses, an extensive extended study programme and a range of wider curricular activities exclusive to Churchill. This powerful combination allows students to craft a unique, personalised study curriculum that sets them up for future success.

COURSE LIST

information
online here

All of our Sixth Form courses are Level 3 qualifications, equivalent to A Levels. Most are A Levels, while some are vocational. Both A Levels and vocational qualifications, such as BTECs, hold equal value, although they differ in their learning styles and assessment methods. Students may apply for any combination of courses. Additionally, some subjects are available as AS qualifications, worth approximately half an A Level, and can be completed in Year 12.

Art*
Food & Nutrition^v
Photography*

Extended Study
Programme online

As part of our Year 12 curriculum, students will have the opportunity to select an extension option in addition to their three main subjects. Students can choose from three options: the Extended Project Qualification (EPQ), Core Maths or Study Skills.

The **Extended Project Qualification** (EPQ) is an AQA Level 3 course, equivalent to half an A Level. This involves completing a 5,000-word project on a topic of choice that lies outside of students' main subjects. Throughout the course, students will attend taught sessions and have regular one-on-one meetings with a supervisor to guide them through their research.

Core Maths is a Level 3 qualification designed to develop and apply practical mathematical skills in real-world contexts. Unlike traditional maths courses, Core Maths focuses on problem-solving techniques that students can use in everyday life, work or alongside other subjects.

Study Skills is an introductory programme aimed at easing the transition from GCSEs to A-Levels. It's often said that the jump between these two stages is significant. This course equips students with the tools and techniques to study more effectively at a higher level, giving students a better chance of achieving the grades they are aiming for.

THE WIDER CURRICULUM

At Churchill Sixth Form, we recognise that experiences beyond the classroom are just as valuable as the academic learning within them. That's why we take pride in our extensive range of extracurricular opportunities, setting us apart from other post-16 providers.

Students will have dedicated time to expand their knowledge and skills through our **Specialist Tutor Programme**. We prepare students for life after Sixth Form, offering regular career talks and tailored support for their next steps - whether that's university, apprenticeships or employment. Whether students are budding musicians, aspiring politicians, physicists, economists or environmentalists, they will receive expert guidance and access to a variety of enriching activities to fuel their passion.

Our **Impact Groups** ensure that every student can make a positive impact within the Sixth Form, the Academy, or the local community. With time, resources and support, students will have the opportunity to lead meaningful projects of their choice. These experiences will help them to develop leadership skills as they work in teams, plan initiatives, engage with the community, and mentor younger students.

We offer a broad range of **Sports and Wellness** activities - from badminton and table tennis to competitive netball and football tournaments, as well as mindfulness and wellbeing sessions.

Our dedicated **Work Experience** programme provides students with the opportunity to immerse themselves in a professional environment, helping them gain practical skills and insights to support their future careers. Additionally, our diverse volunteering programme enables them to develop valuable life skills that will benefit them long after their time at Churchill.

“Sixth Form at Churchill has been a challenging but rewarding experience. Teachers treat you like equals and do their best to help you reach your highest potential. I have been pushed and supported, which has allowed me to take charge of my own learning and prepare for higher education, whether that be university or an apprenticeship. Ionah, Year 13”

BECOME A CHURCHILL SIXTH FORMER

Ready to apply to Churchill Sixth Form?
Scan the QR code to begin your application.

We're thrilled that you're taking the first step toward joining Churchill Sixth Form. Apply by **Monday 5th January 2026**, and you'll have the flexibility to choose any three courses, with our team working hard to tailor the timetable to suit your choices.

For applications submitted after 5th January 2026, your three subjects must be selected from pre-set option blocks, which will be available on our website.

If you need any help with your application, don't hesitate to reach out. Contact details are provided on the next page of this prospectus.
